Press Release

Vacancy on Board of Directors

RED BLUFF - The Resource Conservation District of Tehama County (RCD) currently has a vacancy on its Board of Directors. Resource Conservation Districts have been in Tehama County since the 1940s. The current district was created by merging four districts in Tehama County which formed the RCD that now encompasses the entire county.

Serving as a board member of the RCD is very fulfilling! The current board is a testament to that, as the board members have each committed anywhere from 3 to 30 years. The four board members now serving are Jack Bramhall, retired forester; Anne Read, cattle rancher; Scott Soder, realtor; and Walt Williams, retired Calfire.

RCD directors are appointed by the Tehama County Board of Supervisors, but the RCD is assisting in the search for a new board member. Qualified candidates must be a registered voter in the state, must reside within the district and either own real property or be a designated agent of a landowner in the district. The RCD Board currently meets on the third Wednesday of every month at 8:30AM for 2-3 hours, interested candidates are invited to attend the September 18th meeting.

The RCD is a non-profit special district created to assist people to manage, conserve, and improve the natural resources of Tehama County. The RCD is involved with many different projects ranging from free irrigation system testing and creating shaded fuel breaks for wildfire safety, to improving fish habitat and hosting hands-on workshops. For more information about the district, visit www.tehamacountyrcd.org.

Anyone interested in a position on the board of the RCD can contact District Manager, Vicky Dawley by calling (530) 727-1291 or by emailing vicky@tehamacountyrcd.org
