District 2 – Candy Carlson  
District 3 – Dennis Garton  
District 4 – Bob Williams  
District 5 – John Leach

*Tehama County Courthouse*

Gabriel Hydrick  
Chief Administrator

### Public Notice Announcement

In accordance with Resolution No. 2022-55, notice is hereby given to the residents of Mineral, Stringtown, and the general public that select hazard tree and vegetation removal will occur in the Mineral County Water District alleyways, along the County road easements, and within Stringtown between Summer 2022 and Summer 2025. The removal is a component of the TinderSmart Tehama Phase II Project (Project), a community-based wildfire prevention effort. Funding for this Project is provided by the California Department of Forestry and Fire Protection's Fire Prevention Program as part of the California Climate Investments Program. The Program is administered by the Resource Conservation District of Tehama County (District).

Project work includes the removal of targeted hazard trees in the communities of Mineral and Stringtown as identified by a Forester. This is a concerted effort among the district, Firewise USA® – Mineral Chapter, and landowners to improve ingress and egress of emergency personnel and egress of residents in the event of wildfire.

During Project work, traffic around the communities of Mineral and Stringtown may experience intermittent delays. The Tehama County Board of Supervisors asks for your consideration, awareness, and patience with the removal activities and presence of work crews and equipment when traveling in the project site locations for the duration of work.

Inquiries regarding Resolution No. 2022-55 may be directed to the Clerk of the Board of Supervisors office at (530) 527-3287. Project announcements will be posted on the District's Notices webpage on its website [www.tehamacountyrcd.org](http://www.tehamacountyrcd.org). You may also contact a volunteer Firewise USA® – Mineral Chapter project liaison serving your area:
